# Save the date !

March, 1<sup>st</sup> - 3<sup>rd</sup> 2017,  
 Orléans, France

# European Fuel Cell Car Workshop

More infos : <http://efcw2017.sciencesconf.org>

The European Workshop dedicated to recent progress in fuel cells for automotive applications will be organized, on March 1-3, 2017, and will take place in Orléans, France, along the Loire river which is a UNESCO World Heritage (<http://loirevalley-worldheritage.org/>) and a famous place close to the Loire Castles (<http://loire-chateaux.co.uk/en-gb/>).

You will have the opportunity to meet and join potential consortia during the 2017 FCH-JU call period.

This Workshop will be a unique occasion for discussing both scientific and technological advances within the frame of the FCH-JU projects for having at midterm of H2020 a current status of the excellence research and Innovation in the fields of fuel cell car.

We invite you by contributing to the success of this forthcoming event that will highlight Europe's collective effort and advances and will open a new

window on the Hydrogen Economy as an efficient way for reaching the EU climate change and COP21 goals. European press will be present for publicizing this event.
